

ROCK ISLAND TO HAVE GREAT DAY AT COUNTY FAIR

Plans Urged to Turn Out in Force Tomorrow for Special Occasion at Joslin.

FACTS ON THE FAIR.
Special Day Tomorrow—Rock Island Day, Republican Day, Location—On Rock River valley road, about twenty miles northwest of Rock Island, and one-half mile north of Joslin station on Burlington railroad.
How to Get There—By auto, take Highway road out of Watertown. By train, special on Burlington leaves Rock Island at 9 o'clock and Joslin at 9:15. Excursion rates.

Exhibits are in place, the track is shaped and everything is in readiness for the entertainment of the hundreds of people from this city who are expected to attend the Rock Island County Fair at Joslin, on Rock Island day tomorrow. It will be the first big day of the fair and those who visit the grounds tomorrow will have the advantage of seeing the exhibits in all their freshness, the race entries full of ginger for the start of the first heats, and everything else in the up and down shape that makes the first big day distinctive. Yesterday the grounds were bustling with activity. Hundreds of exhibits arrived from all parts of the surrounding country and a big force of men was kept busy getting them all in their proper places. The many animals of the big trained menagerie also arrived to fulfill their engagement and were shown to their quarters by the ground attendants. This arrival was only one of the many free attractions that will appear on the platform in front of the grandstand.

KIWANIS CLUB TO VISIT BOY SCOUT CAMP AT DE WITT

Members of the Rock Island Kiwanis club will visit Scoutcamp tomorrow afternoon and be the guests of the Boy Scouts. The members will leave by auto from the Harper house at 1:30 p. m. and on arrival at DeWitt will engage the Scouts in a ball game followed by a supper prepared in true camp style. No regular program will be followed, the entire arrangements for the visitors being in the hands of the Scouts.

"TURN TO RIGHT" IS NEW ORDER OF DAVENPORT COPS

"No Left Turns" on the street corners of Davenport is the ultimatum issued by Traffic Commissioner Louise De Armand. But the dictum is qualified with one exception, motorists being permitted to turn to the east on Second street, because traffic from the river front going north is not so heavy as to cause inconvenience.

A British butcher has carrier pigeons to bring in orders from outlying country districts.
